Message

Enough with this proposed pipeline already! This is just another example of big business trampling on poor people and people of color. This pipeline is not needed and our state does not need more poison in the air, water, and land. I live within a few miles of the proposed pipeline route and are worried about leaks. These chemicals will travel in the air the short distance to my home that I have lived in for 25 years. I hope that I will not be forced to sell my house and move. Please help us!
